Perforex BC 1001-HS

**Technical data:**
- Machining of plate material (XXY) max.: 2500x1500
  with the door open (XXY) max.: 1400 x 1500
- Machining of cubicles/enclosures BxH/tx: 700x1400x1200
  insertable width of cubicles/enclosures X max.: 1200
- Electric spindle - 7,5 kW 18000 1/min
- Tool change device, max. - 18 tool locations
- Connection for compressed air - 6 bar

**Electrics:**
- Operating voltage - 3x400V 50Hz
- Control voltage - 24V
- Rated current - 32A, connection with - 35A pre-fuse

**Foundation:**
- Static load - 10 KN/m²
- Concrete quality class - B25 (DIN 1045)
